

Water Johnson cautioned against raising taxes and rates like for water and sewer. He stated that he feels people should have the right to say something about it.

Wayne Ivers stated that although he sees the need to raise water and sewer and to impose a dump fee, he feels that the borough should crack down on people who don't pay as a way of life. He also thanked the Assembly for the time they put into these issues.

Trish O'Connor suggested that the Borough impose stiff penalties as a way of ensuring that people comply with dumping at the landfill. She also spoke in favor of the wording change on the Hubbard Glacier Resolution and stated that she would like to be notified of Hubbard Task Force meetings.

Alex James stated that he would like to get water and sewer to his property in the village. He applauded Nelson Inada's suggestion to change the appeals section of Title 8. He stated that the paperwork for the lift station at Sunrise Apartments have already been done and just needs to be signed off on. Steve Henry stated that he is still waiting for info from Tlingit and Haida before he can go forward.

MAYOR'S REPORT, ASSEMBLY MEMBERS COMMENTS:

John Vale commented that he appreciated Trish O'Connor's statements on the Hubbard Resolution and on penalties for not using the landfill once rates are imposed and for improper disposal of batteries. He also stated that he would like to see late penalties and interest on bills.

Nelson Inada stated that he was pretty happy with everything,

Michelle Pavlik asked about the boats that are being stored at Sandy Beach. She stated that she doesn't think that people's garbage boats should be stored down there.
